As stated in our home learning policy, pupils are expected to compete at least 3 hours learning a day in Reception and KS1 and 4 hours in KS2. We provide 4 – 5 hours each day which equates to the learning time that pupils would receive in school. The timetable below sets out the learning that your child will need to complete each day and how we will provide feedback. Your Child's Class Teacher will contact you on a weekly basis to discuss any concerns that you might have. If you have any questions or queries, please contact a member of staff through your child's year group email and they will get back to you as quickly as they can.

Daily Timings – KS2

Time/ Suggested time	Lesson	Information
20 minutes 8:45am	Morning Arithmetic	Your child will have 10 arithmetic questions to complete on the squared paper provided. Your child should set this out themselves. Jottings, pictures or objects that you have at home can be used to support with this.
45 minutes	Spelling	Your child spends 20-30mins per day completing phonics and spelling practice in school. They learn a new spelling rule or sound and practise these in different ways. During the closure, your child will need to practise their phonic sounds/spellings each day. They can write their spellings into new sentences, devise mnemonics to help them remember and complete some dictated sentences from you. There will also be a activities to complete on their class page.
1 hour	English	Videos and images will be posted into Google Classroom to form the basis of the lesson. Instructions will be posted onto the Powerpoint that is uploaded to Google Classroom each day. Teachers will feed back and provide next steps to further improve their work.
20-30 mins	Reading	Your child completes 20 minutes of reading at school each day and this needs to continue at home. Oxford Owl Class logins have been provided on the front of your Google Classroom folder label, along with the colour of your child's reading book. Instructions of how to access these texts have also been included in your home learning folders. The Oak Academy also has texts that your child can access at home. Links to these texts will be posted onto the Powerpoint that is uploaded to Google Classroom.
1 hour	Maths	Your child's class teacher will put White Rose or the Oak Academy Maths teaching video links onto the Powerpoint that is uploaded to Google Classroom. There will be worksheets linked to each lesson for your child to complete. These will be uploaded to Google Classroom for pupils to complete on screen.
20-30 mins	Maths fluency and basic number skills	Your child has logins for both Doodle Maths and Timestable Rockstars. Your child should complete daily sessions for these online learning platforms for the recommended time. Your child's class teacher will monitor their progress as they complete this at home. If you have any issues accessing these platforms, please contact us via the year group email address.
1 hour	Science and non-core subjects	Your child's class teacher will share a list of other subject areas and learning tasks for your child to continue their learning across the curriculum. This will be in a range of subjects, for example science, art, DT, PSHE, RE, history, geography etc. It will not be every one of these subjects, it will depend on what your child would currently be learning about if they were in school. It is expected that your child will complete one of these sessions per day.
